

Please don't take away my k-love! I work with 6th-12th graders in my church and the service that k-love provides is immeasurable. I have encouraged the kids to listen every Sunday and can really tell it's starting to make a difference. In fact, just a few weeks ago we were traveling somewhere and when we got in the car, the kids put the radio on k-love. To hear them sing along touches me in a way that I can't describe. Personally, the music and programs on k-love inspire me on a daily basis. I cannot express how uplifting and encouraging the music is. I have only been a listener for about six months but it has made a profound impact on my life. I can honestly say that k-love is the only radio station I listen to. In fact, the only thing I would change about k-love would be the ability to get it more clearly in this area. If k-love was taken away, I can't even imagine the people that would be affected. So many people are led to the Lord through this station and to think that it could just go away is devastating. K-love has gotten me through some really tough times, gets me through the day and encourages me for the future. Like they say daily on k-love, it's positive and encouraging. It lifts the spirit and brightens the heart. It gives me and countless others a reason to live and hope and believe. To lose k-love would be a serious disservice to me and those who have yet to discover the joy that k-love brings to so many.
